Hi Kate,

I hope you are doing well. Just wanted to let you know that I just received a Freedom of Information Act inquiry from the Free Market Environmental Law Clinic (FME Law) and the Energy & Environment Legal Institute (E&E Legal) requesting the following: "Please provide us, within twenty working days, copies of all email, SameTime and text correspondence, including attachments, which was sent to or from (including also copying, whether as cc: or bcc:), Peter Paul Egeghy in EPA's National Exposure Research Laboratory, Systems Exposure Division, which correspondence include anywhere, whether the body *of the thread* of which it is a part, the Subject, To:, From:, cc:, or bcc: fields a) IARC; b) Lyon, c) "Vol. 112" or any reasonable construct of that (e.g., vol 112, volume 112); and/or d) glyphosate."

I've provided my management with the IARC letter stating that any disclosure of documents or information would be contrary to the privileges and immunities of IARC, and I am waiting to hear back.

Thanks,

Peter
